Technical data:

Lampshdade Modern Hanging Lamp

 This innovative form of modern pendant lighting is constructed from a varnished aluminum sheet with a photo-etched optical PC (polycarbonate) shade. The internal reflector is photo-etched ABS. The cable can be adjusted to allow the fixture head and light distribution to be aimed in whatever way you choose. This lampshade provides direct lighting and is available in three versions: a hardwired version that includes a 5" diameter canopy that should be hardwired directly to a 120V junction box (no additional LED is required); a plug-in version with a (non-dimmable) switch; and a fixed version.

Lighting Area 2-4square meters
input voltage 120V
LED power 12W
Luminous Flux: 1020Lm
LED source Citizen -1 Multichip LED 2700K 1020lm CRI90 12W
Material Aluminum Polycarbonate
Color temperature 3000K
Lifespan ≥40000h
Working temperature -30°~50°C
CE, IP20 Protection Class I I
Dimension Diameter 6.7 X height 5.9mts
Driver body made of fire resistance ABS Material composed of Constant current power supply and intelligent integrated circuits PF>0.9

Make: Lumeplus LP-009526
