

### Adjustable Recessed LED Spot 355°-90°

The Adjustable Recessed LED Spot 355°-90°, the perfect solution for accent lighting in retail spaces. This versatile spot light is equipped with an anti-glare optical reflector and boasts a powerful 15W CREE COB, providing excellent illumination with a high CRI of >85. Designed for both wall wash and standard downlight applications, the Adjustable Recessed LED Spot 355°-90° is truly a dual function lighting option. Its Medium Long design allows for a 360° rotation and a 90° adjustment along the longitudinal axis, providing flexibility in directing the light exactly where it's needed. With a range of options available, including low to high lumen packages and narrow to wide beam options, this recessed-mounted spot light caters to various lighting requirements.

The innovative Ex-centric Rotation System (ERS) enables smooth and dynamic movement without revealing the ceiling, ensuring a seamless and unobtrusive lighting experience. The Adjustable Recessed LED Spot 355°-90° is compact in size, offering the flexibility to have it fully or half sunk into the ceiling. Its sleek design places full focus on the light, while its functionality and adjustability make it an ideal choice for accentuating products and creating a captivating atmosphere in retail spaces. For outstanding accent lighting and superior design, the Adjustable Recessed LED Spot 355°-90° is the perfect choice. Experience the uniqueness, flexibility, and exceptional lighting it offers today.

Lighting Area 2-4square meters  
Power 15W-Light source CREE COB  
Color temp 3000K-4000K-CRI ≥85(CRI 90 optional)  
Lumens 1020lm±5%  
Optics 38° beam angle  
input voltage AC220-240VAc, 50-60Hz  
Tridonic DALI Dimming  
Material Die Cast Aluminum Texture Black Powder coat  
Dimension Ø100 x H112 Cutout Ø90  
Working temperature -30°~45°C  
Protection grade IP20, Class II, CE,  
Lifespan >30000 Hrs
