Globe Wall Scone Light

Globe Wall Scone Light

Setting up a sculpted satellite against a minimalist backplate, this 1-light wall sconce mixes contemporary and vintage-inspired glam style for a standout look in any room. Mounted flush to the wall, this piece is made from metal with a sleek finish, and it features a dish-like shade that serves as the backdrop for the included globe-shaped LED bulb.

Lighting Area 4-6 square meters

Input voltage AC220-240V 50-60Hz

LED Source G9 bulb
