

Modern Nordic suspension

LP-LP-51241

Technical data

Modern Nordic suspension aluminum fastening led suspension ceiling lamps

Indoor LED pendant light ceiling suspension mount
A gentle sloping shade press spun from aluminum, the Muuto Ambit Pendant balances the simplicity of a dome shape with feminine contours and pastel inspired finishes. Expertly painted by hand, the purity of each color encases the fixture like a hard protective shell, creating a continuity that does not distract from the perfection of the shade.

Choice of colors as mentioned with white interior reflects and diffuses the broad spread of light, easily placing the Ambit above dining or pantry areas.

Lighting Area 4-6 square meters

Designed by TAF Architects in 2015
