

## LP-SPL-101220

### Spectrum Pendant Light

#### Spectrum Pendant Light

The piece appears both bold and light by pairing metal and acrylic. The outer metal structure gives the piece its sharp silhouette while the acrylic softens things up with its pleasant arch.

Lighting Area 4-6 square meters  
Input voltage AC220-240V 50-60Hz  
LED power 10W-28W
